## 2012 Science Summer Camp

The Summer Science Camp is a six-weekend session full of fun and creative learning experience for kids to attend during this summer. Goal of the camp is to enhance curiosity and increase comfort about science by exposure to simple scientific concepts and hands-on experiments.

This camp is a great opportunity for kids to:

- Participate in team-based projects
- Get hands-on experience and have fun.
- Explore scientific concepts
- Learn to work in teams and express their creativity and talent
- 'Mad Science' demonstrations

**Format:** Students are grouped (4-5) and paired with ~ 2 volunteers per group. Students individually perform 3-4 experiments per session on a given scientific topic and spend the last 45 minutes planning for the final project fair.
